

Datavail OAC Accelerator

Oracle Analytics Cloud (OAC) brings the power of a data warehouse solution to the cloud.

Customers can perform complex, strategic BI against their applications – on-premise or cloud-based.

OAC allows customers to perform trend and predictive analysis and opens a whole new area of strategic insight.

Datavail's OAC Accelerator offers a fixed price, fixed scope deployment that allows customers to take advantage of OAC in a matter of weeks!

DEPLOYMENT TYPE	DESCRIPTION	TIMELINE
Starter	<ul style="list-style-type: none"> • Data Integration from one (1) source • Create one (1) Dashboard • Build one (1) star schema • Create five (5) Metrics • Create five (5) Reports • Create Test Strategy & Scripts to validate the reports • Automate data upload process • Perform QA & UAT Testing • Deliver into Production for any computer or mobile devices • Provide Training & Knowledge Transfer • Project Management • All Documentation and Deliverables 	6 weeks
